

ENGINE MAINTENANCE TRAINING

EMT for Honeywell TPE331 engines

Overview

CD Aviation Services has developed a comprehensive engine maintenance training course which covers aspects of the Honeywell TPE331 engine. Instructor Mike Straus has over 36 years experience with the TPE331 and will review engine design, model variations, engine maintenance and troubleshooting.

Registration

Seating for each class is limited. The registration fee is \$100.00 USD which includes breakfast and lunch.

To reserve your seat in any upcoming EMT classes, please contact:

Christie Westmoreland

Phone: 417-781-6063

E-mail: christie.westmoreland@cdmgt.com

A credit card authorization form has been included for your convenience. Please print and fax to 417-781-0800.

For additional information on CD Aviation Services, visit us online at www.cdaviationservices.com or call us at 1-866-CDAS (2327) or 417-455-9400.
